

Is the air your air cleaner-treated
apartment really free of dust?
Is it good for your health?

TOSHIBA
AIR PURIFIER

ONLY TOSHIBA AIR PURIFIER PRODUCE HEALTH IONS

CAF-D5(W)

CAF-D5(W)

- **Dimensions WxHxL(mm):** 415x555x208
- **Optimum treatment area up to:** 42 m²
- **About 12 m²** – full air treatment for 11 min.

• Desktop version

Filter lifetime before replacement: 5 years

• Air treatment for microorganisms

- Coulomb-HEPA filter
- Bio-attack
- Aloe and chitosan filter
- New ionizer or "Health ions"
- Ion-exchange deodorizer
- High-performance allergen sensor
- High-performance odor sensor

• For ease and comfort

- 24-hour automatic operation
- Turn-off for 2 and 4 hours
- Manual operation mode
- "Standby" mode
- Illumination switch

• Alert function and energy saving technology

- Air condition monitor
- Ventilation monitor
- Ion monitor
- Filter replacement alert
- Inverter

CAF-D4(W)

• Alert function and energy saving technology

- Air condition monitor
- Ventilation monitor
- Ion monitor
- Filter replacement alert

CAF-D4(W)

- **Dimensions WxHxL(mm):** 400x480x177
- **Optimum treatment area up to:** 33 m²
- **About 12 m²** – full air treatment for 14 min.
- **Desktop version**
(Wall mounted)
- Filter lifetime before replacement: 5 years

• Air treatment for microorganisms

- Bio-attack
- Coulomb-HEPA filter
- Aloe and chitosan filter
- New ionizer or "Health ions"
- Microcellular charcoal filter deodorizer
- Air pollution sensor (odors, smoke)

• For ease and comfort

- 24-hour automatic operation
- Turn-off for 2 and 4 hours
- Manual operation mode
- "Standby" mode

CAF-D3(W)

• Alert function and energy saving technology

- Air condition monitor
- Ventilation monitor
- Ion monitor

CAF-D3(W)

- **Dimensions WxHxL(mm):** 400x480x177
- **Optimum treatment area up to:** 26 m²
- **About 12 m²** – full air treatment for 17 min.
- **Desktop version**
(Wall mounted)
- Filter lifetime before replacement: 5 years

• Air treatment for microorganisms

- Bio-attack
- Coulomb-HEPA filter
- Aloe and chitosan filter
- New ionizer or "Health ions"
- Microcellular charcoal filter deodorizer
- Air pollution sensor (odors, smoke)

• For ease and comfort
