NATURE FRESH DISPOSABLE/REFILLABLES

Versatile, compact, and economical, Vaportek's Nature Fresh Disposable/Refillables control tough odor problems virtually anywhere! These spill-proof and leak-proof odor neutralizers feature Vaportek's patented "breathing" membrane system, containing an exclusive mixture of essential oils and resins. This safe and proven membrane system surpasses "masking" odor control products, because it neutralizes malodors instead of simply covering them up.

VAPORTEK

VAPORTEK® TECHNICAL DATA

Nature Fresh®

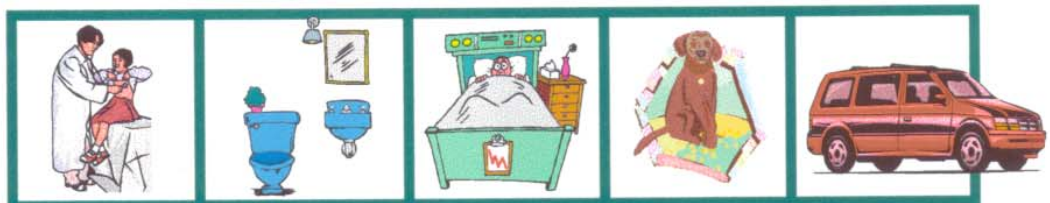

Disposable/Refillable Odor Neutralizers

- ◆ Safe
- ◆ Fast-acting
- ◆ Spill-proof
- ◆ Adjustable output
- ◆ No power required
- ◆ Available in many fragrances
- ◆ Effective up to 60 days
- ◆ Use free-standing or wall-mounted

NATURE FRESH Odor Neutralizers feature non-toxic, adjustable odor control with Vaportek's patented membrane system. As air passes over the membrane, the deodorizing vapor is released into the air at a controlled rate. The versatile, compact units control tough odor problems virtually anywhere—actually eliminating odors, not merely masking them!

SOME SUGGESTED APPLICATIONS

- ◆ Medical Exam/Treatment Areas
- ◆ Restrooms
- ◆ Patient Rooms
- ◆ Hotel Rooms
- ◆ Pet Areas
- ◆ Offices
- ◆ Dressing Rooms
- ◆ Cars/Trucks
- ◆ Smoke/Flood Damage
- ◆ Lounges
- ◆ Closets...and more!

Nature Fresh

Disposable/Refillable Odor Neutralizers

SELECTED SPECIFICATIONS

- ◆ **#90-8000 Series**
3" Nature Fresh Odor Neutralizer
Treats areas up to 1,000 cu. ft.
Refill with #34-8000 Series membranes.
- ◆ **#90-9000 Series**
5" Nature Fresh Odor Neutralizer
Treats areas up to 2,000 cu. ft.
Refill with #34-9000 Series membranes.
- ◆ Use free-standing or wall-mounted.
Adhesive strips provided for wall mounting.
Optional wall-mounting bracket available.
- ◆ White housing and attractive label are appropriate for any décor.
- ◆ Available in complete line of Vaportek AromaVision fragrances.
- ◆ Case pack 12 ea./144 ea. shippers.

Nature Fresh Odor Neutralizers feature Vaportek's patented odor control membranes for fast, effective neutralization of tough odors. This scientifically formulated compound of natural essential oils is non-toxic and ensures safe, simple odor neutralization. During use, the membranes "breathe" out the odor controller as a dry vapor. The more airflow over the membrane, the greater the vapor released, and the greater the deodorizing capacity. Millions of these membranes have been used worldwide to control odors in homes and industry.

Unlike typical odor controllers, there is no wick to adjust, no bottle to open or spill, and no batteries or electricity are required. Activation is achieved by simply turning the end caps to allow airflow through the canister. Greater airflow means more deodorizing vapor is released.

The compact 3-inch canister is ideal for areas up to 1,000 cubic feet. The 5-inch unit treats areas up to 2,000 cubic feet. Each is available in the full line of AromaVision fragrances and lasts up to 60 days.

Both units may be used as disposable or refillable. Replacement membranes come individually bagged and can easily be used to replace the original membrane. Simply turn the top of the canister until the short vertical lines on the end cap and the flat portion of the body are even. Lift top to open and discard old membrane. Remove the new membrane from its clear vapor-proof shipping barrier, roll membrane and fit into unit. Replace top and twist to adjust openings.

The canisters can be used freestanding or with wall-mounting tape (provided). An optional wall-mounting clip is available.

Restoration Tip:

Vaportek's Nature Fresh Odor Neutralizers provide an effective solution to eliminating smoke odors from books, documents, clothing, bedding and more! Simply put the contaminated articles in a plastic bag, place one of the canisters in the bag and seal it. Depending on the severity of damage and the number of items in the bag, treatment may require more than one canister and may take from several hours to a few days.

VAPORTEK 

...the leader in air treatment technology
Sussex, WI 53089

The Nature Fresh Natural Essence Aroma Delivery Sachet.

Simply hang the rich green velvet sachet from turn indicator column and refresh car interiors instantly. Lasts up to 30 days. Available in four exciting natural aromas: potpourri, berry, citrus and neutral.

Better Technology:

Only Vaportek offers its unique non-toxic breathing membrane with all these advantages: spill-proof design, no messy gels, long life, proven formulas, no electricity needed.

Better Value:

For the price of a single competitive air freshener, Vaportek gives you **three** refills.
